THE MAFFUCCI AND OLLIER'S ASSOCIATION CONFERENCE 2020

AN INVITATION FOR PROFESSIONAL PRACTITIONERS

ABOUT US

The Maffucci & Ollier's Association has been created to share information and experiences of Maffucci Syndrome and Ollier's Disease, from those affected and those with knowledge of them and to support and provide guidance on these rare conditions.

We aim to undertake projects which help understand these conditions and which bring benefit to those affected. We work with other organisations with similar interests to achieve our goals.

5 Olympic Way, London,
HA9 0NP

10.30AM-3.30PM
Approximate Times
Schedule to Follow.

INVITATION

On behalf of the Maffucci and Ollier's Association we would like to invite you to attend our 2020 Conference. This year will be our 8th year of organising and in this time we have had individuals, families and professionals attend from all the world. It is the only English speaking event of its kind in the world bringing together professionals and patients to collaborate and share experiences of these rare conditions. There are presentations and guest speakers from both perspectives throughout the day which support and develop knowledge and understanding. We hope that you recognise the benefits for both professionals and patients in attending an event of this kind. We look forward to hearing from you.

Charlotte Anwyll

Founder

The Maffucci and Ollier's Association

MEDICAL BOARD

Mr Robert Ashford

MB BS (Lon), FRCS (TrOrth), FRCS (Glas), MD

Consultant Orthopaedic and Musculoskeletal Tumour Surgeon

"This meeting is taking a step to achieve the Association's overall aim which is to initiate projects for the prevention, treatment and cure of Maffucci Syndrome, Ollier's Disease."

Professor Adrienne Flanagan.

MB, BCh, BAO, LRCPI, LRCSI, FRCPath, PhD, FMedSci,

NIHR Senior Investigator, OBE

Consultant Histopathologist, Clinical lead

MEDICAL WORKING PARTY

"This was a very helpful meeting, and the speakers were excellent. This event will contribute to greater understanding of these very rare conditions, and to much needed advances in treatment."

Dr Mary Glover MA FRCP FRCPCH

Consultant Paediatric Dermatologist

Clinical Lead for the Complex Vascular Anomalies Service

"An amazing informative Conference, an inclusive event for all who attend from Professionals to the patient, to the family. I would recommend this event to all who have an interest or want to know more about this rare disease."

Meryl Glover

Specialist Hand therapist / Occupational Therapist
